

DENMARK AT A GLANCE

- » Population: 5.5 million
- » Currency: Danish Krone (DKK)
- » Member of The European Union since 1973
- » The world's highest level of income equality

AARHUS – THE WORLD'S SMALLEST BIG CITY

- » Inhabitants 300,000 (second largest city in Denmark)
- » Selected as European Capital of Culture 2017

WHY CHOOSE AARHUS?

1. Excellence and creativity

Denmark is a modern, knowledge-based society.

2. English – no problem!

The majority of Danes have a very good command of English, so foreigners can easily communicate.

3. Safe and modern society

Denmark has one of the lowest crime rates in the world, and foreigners often mention how safe and secure they feel during their stay.

4. Hygge – a unique Danish feature

Very difficult to translate, 'hygge' has to do with feeling comfortable in a relaxed and friendly atmosphere. It is impossible to stay in Denmark long without experiencing 'hygge'.

5. A gateway to Europe

Denmark's geographic position makes it the natural gateway for Scandinavians who want to explore Europe and for Southern Europeans to explore Scandinavia.
